Spoke to David yesterday. He will be speaking to Chris today hopefully about Chris' willingness to put this on the fast track. So, I told David that we'd get things ready, but not push the button. Let's give David a day or two to get Chris' concurrence. Then David would talk to Woolford, and the other career folks about our plans. We'll probably setup a meeting.

I wanted to reach out to the Corps today regarding what they believe was inaccurate in the tri-party letter. I was going to call Eric Strickland. Will you reach out to Chris Budai as well on the same topic?

Wally

Thanks Wally,

I'm working on the site characterization memo today. I'll run the draft by you and Richard along with the HQ briefing sheet. If we are shooting for an earlier listing we will need David to sign the memo, and talk with Woolford prior. The RDT, if we have one, would be pro forma at that point.

Ken

FYI. Good morning everyone,

I wanted to share EPA's response to the WA/OR/Yakama request to list the Bradford Island Site on the NPL. We have had a meeting with the Corps to discuss this and will be reaching out again to ensure communications continue to flow. Ken and I are participating on the quarterly Site management calls with the stakeholders, securing the services of a CIC and PIO, and diving head first into the listing process with HQ and our contractors.

Please let either Ken or I know if you have any questions or concerns.

Thanks,  
Wally
